

Welcome to Find a Harp

Welcome Newsletter

WE'RE GLAD YOU'RE HERE

Findaharp is a brand-new website dedicated to the harp community. Our core desire is to make it easier for harp teachers, lovers, and enthusiasts to find the harp of their dreams.

Findaharp now has over 50 preowned harp listings from respectable harp stores across North America. Our website features a robust search engine with six different filters: size, make, model, finish, price, location. No other harp website features this level of search precision.

Findaharp hopes to create a community where harpists can share their knowledge and experiences related to purchasing a harp. The sidebar to the right details our collaborative buyer's guide. Future plans include a blog where questions about purchasing a harp can be asked and answered.

Other future site features include more pictures of each harp, links to YouTube videos of the harps in action, and more store partners! Feel free to mention us to your favorite harp seller!!

CONTRIBUTE TO OUR BUYER'S GUIDE

Help new harpists in our community by sharing your knowledge and experience.

We want our buyer's guide to be a collaboration of experienced harp buyers who know what to look for and what questions to ask.

If you have something you wish to contribute, write up your helpful hints or helpful experiences and submit them on our contact / about page.

If you know of a great link or video about buying a harp, you may submit it also and we will attempt to contact the content creator for permission to include it in our guide.
